

*n*=87 DEGs

No enriched processes

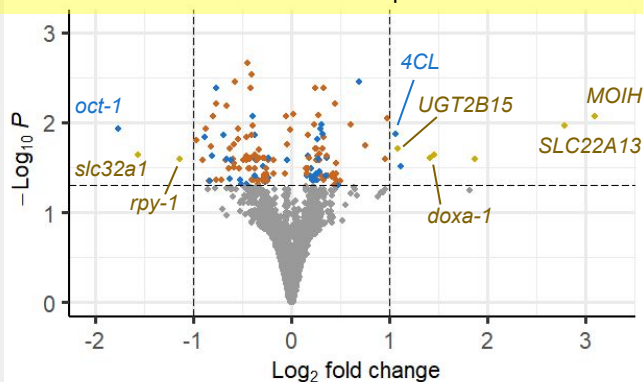

22 shared DEGs

No enriched processes

*n*=240 DEGs

Cell adhesion  
Lipid transport  
Endoplasmic reticulum stress response

8-hr acclimation to pH 7.8

*n*=61 DEGs

Mitochondrial electron transport  
Oxidoreductase activity

19 shared DEGs

Mitochondrial activity

*n*=376 DEGs

Mitochondrial electron transport, translation  
Respiratory chain complex I assembly

8-hr acclimation to pH 7.5
